Petition for Reconsideration / Application for Review
To: FCC Appeals
RE: DA 18-1209.
FRN#: 1699070811
471 Application Number: 161033870
Committed Amount \$53,568.00

Dear Sir/Madam:

Please consider this letter as a request/petition for reconsideration regarding decision to deny our appeal (DA 18-1209). I may have neglected to site that the reason for our appeal is that the only notification that was sent to us was through an email to our previous director of technology who had left the organization in November, 2016. Subsequently, his email address was deleted about 6 months later. That's the normal time that we usually hold on to ex-employees' accounts. GPUSD did not receive written notifications through normal mail.

I hope that you will consider this request and approve the appeal that we are requesting. Please do not hesitate to contact me should you have any questions

Sincerely,

Mustafa "Moe" Zwebti

Director of Technology
